

REGULAR MEETING OF THE CITY COUNCIL: Austin, Texas, Jan. 23, 1919.

The meeting was called to order by the Mayor. Roll call showed the following present: Mayor Wooldridge, Councilmen Anthony, Bartholomew, Haynes, and Powell, 5; absent none.

The minutes of the meetings of Jan. 16, 17, 18 and 20 were read, and approved by a vote of 5 yeas, no nays.

The Mayor read to the Council the annual report of R. W. Patterson, Sanitary Inspector; also the December reports of the Assistant City Clerk, Street, Engineering and Sewer Departments, Street, Sewer and Sewage Disposal Plant Funds (financial), and the Police Matron.

*He will be  
Rob me*

There came before the Council a delegation representing the Chamber of Commerce, Rotary Club, Lions Club, and Retail Merchants' Association to discuss the question of a settlement of the dam problem. A. C. Baldwin, speaking for the delegation, stated that intimations had been received that the bondholders and others financially interested in the dam would be willing to confer with the City Council with the object of reaching a compromise settlement. The question was asked whether the Council would give these people a hearing. All members of the Council answered in the affirmative, and it was agreed that the civic bodies represented should extend an invitation to the proper parties.

*Dam Settlement  
is correct*

The Mayor read to the Council a statement signed by A. L. Givens, and then offered the following resolution:

*A. L. Givens  
Givens for  
refund*

Whereas, A. L. Givens took out Public Service Car License No. 13, Plate No. 35, for the year 1919, on a Buick automobile owned by him (State Highway Department No. 233404); and

Whereas, he has since sold the car and declares that he has no intention of substituting another for it; and

Whereas, under certain circumstances these licenses are issued for a term of one-half year, but never for a shorter length of time; therefore

RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That one-half, or \$6.25, of the license fee paid by the said A. L. Givens for said license be and the same is hereby ordered to be refunded to him.

BE IT RESOLVED FURTHER:

That the sum of \$6.25 be and the same is hereby appropriated out of the General Contingent Fund of this city for the purpose of making said refund.

The resolution was adopted by a vote of 5 yeas, no nays.

APPROVED, Jan. 23, 1919: A. P. Wooldridge, Mayor.

The Mayor read a statement from the State Fire Insurance Commission giving notice that Austin would have a 9 per cent fire insurance credit for 1919, on the basis of the city's record of fire losses for the past three years.

*Insurance credit  
for 1919*

The application of Haywood Clemons, 911 San Marcos street, for public service car license on his Ford car, No. 276052 was laid

*Haywood Clemons

before the Council and granted by a vote of 5 yeas, no nays.

The Mayor laid before the City Council the following resolution:

Whereas, through an oversight of the City Clerk, there was drawn, under date of Dec. 31, 1918, Warrant No. 685 out of the Oakwood Cemetery Fund of this city, in favor of Fred Sterzing, Assessor and Collector, in payment for United States internal revenue stamps in the sum of \$10.00; and

Whereas, said amount should have been drawn out of the Cemetery Purchase Fund; therefore

RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That the City Clerk be and he is hereby instructed to rectify the said error by drawing a warrant out of the Cemetery Purchase Fund, for the said amount of \$10.00, and depositing the same with the City Assessor and Collector to the credit of the Oakwood Cemetery Fund.

The resolution was adopted by a vote of 5 yeas, no nays.

APPROVED, Jan. 23, 1919: A. P. Wooldridge, Mayor.

The Mayor laid before the Council, for final adoption, his budget for the year 1919, the same having been read the first time one week ago.

Councilman Haynes read the following statement:

"Considering the financial condition of the city, I believe it is all wrong and an injustice to the taxpayers for this Council to continue to create new salaried positions and boards, simply at the request of every petition filed with us. In compliance with such requests, several more ornamental than useful positions have been created, which in the interest of economy could well be dispensed with, and now it is proposed to create another such ornamental office to censor the picture shows, which office if created will grow in expense as it continues, and prove of no real benefit to the public, as the pictures shown here are already censored and passed by the National Board of Censors and the censors of other large cities before they reach here; hence I do not believe there is any real need of such an office for this city at the present time, and I therefore move that the Mayor's budget be amended by striking out the item for a paid censor."

*Budget  
Haynes' motion  
relating to  
paid censor*

Mr. Haynes' motion to strike out the item for a paid censor failed by the following vote: Yeas, Councilmen Bartholomew and Haynes, 2; nays, Mayor Wooldridge, Councilmen Anthony and Powell, 3.

*He is on  
mills*

The Mayor moved that the office of paid censor be created. This motion (requiring the vote of four-fifths of the Council) failed by the following vote: Yeas, Mayor Wooldridge, Councilmen Anthony and Powell, 3; nays, Councilmen Bartholomew and Haynes, 2.

*Paid Censor  
Councilman  
Anthony and Powell*

The Mayor then laid before the Council the following resolution, which had been read the first time on Jan. 16, 1919, and laid over for one week:

RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN, TEXAS:

That the budget of the Mayor of the City of Austin, Texas, for the year 1919, bearing date the 16th day of January, 1919, and being of the total amount of \$921,539.07, be and the same is hereby received, filed, adopted and approved.

*1919 Budget  
C. 10000*

The resolution was passed by a vote of 5 yeas, no nays.  
APPROVED, Jan. 23, 1919: A. P. Wooldridge, Mayor.

The budget for the year 1919 is as follows:

BUDGET FOR THE CITY OF AUSTIN, TEXAS, FOR THE YEAR A. D. 1919.

To the Honorable City Council,

City of Austin, Texas.

Gentlemen:

I submit below a budget of the City of Austin for the year A. D. 1919, of which I ask your approval.

The assessed values of this city for the year A. D. 1918 upon which the appropriations in the budget for the year 1919 are chiefly based amount to \$25,000,000.00.

The income from ad valorem taxation in the General Fund is \$257,500.00.

The income from ad valorem taxation in the Interest and Sinking Fund is \$183,125.00.

The total income from ad valorem taxation for all municipal purposes (exclusive of the schools) is \$440,625.00.

The income from ad valorem taxation in support of the public free schools is \$106,875.00.

The total income from ad valorem (or property) taxation for all purposes for the year 1919 is \$547,500.00.

In addition to the income of this city from ad valorem taxation is the income from the operation of its Water, Light and Power Plant.

The income of the Water, Light and Power Plant, including cash on hand January 1st, 1919, is \$354,128.45.

To <sup>the</sup> income of this city in the General Fund derived from these two principal sources is to be added the income to be derived from certain other miscellaneous sources, including certain cash balances on hand January 1st, 1919, as will appear in the tabulated statement which follows. This miscellaneous income amounts to \$19,616.85.

Our income from ad valorem taxation is based upon assessed values of \$25,000,000.00. At the present rate of taxation of one dollar on the one hundred dollars, and with the proceeds thus derived calculated for realization at 95% of their face value, this ad valorem taxation in the General Fund thus derived is, as stated above, \$257,500.00.

Realizations for the Interest and Sinking Fund are obtained in the same way as is followed in deriving the income from ad valorem taxation for the General Fund, the only difference being that the rate of taxation for Interest and Sinking Fund purposes is 75¢ on the one hundred dollars of assessed property values instead of one dollar on the one hundred dollars of assessed property values.

\$100,000.00 of bonds were voted by the taxpayers of this city on June 18th, 1918, for the construction of a sewage disposal plant. On January 1st, 1919, there was an unexpended balance on hand to the credit of that fund amounting to \$92,347.41.

The total estimated income from all sources and for all purposes of this city, exclusive of the schools, for the year 1919, is

*Mayor's Budget 1919*

the sum of \$921,539.07.

This gross income of \$921,539.07 is derived from the sources set out in the following table and is apportioned by charter or ordinance, or both, and by this budget, as appears in this same table.

Out of this gross income of \$921,539.07 the following stated charter, ordinance or recommended assignments should be made:

- (1) \$184,625.00 goes to the Interest and Sinking Fund;
- (2) \$ 79,130.43 goes to the Street Fund;
- (3) \$ 8,213.65 goes to the Sanitary Sewer Fund;
- (4) \$ 92,347.41 goes to the Sewage Disposal Plant Fund;
- (5) \$ 9,760.00 goes to the Park Fund;
- (6) \$ 5,525.60 goes to the Cemetery Fund;
- (7) \$ 10,190.93 goes to the Cemetery Purchase and Care Fund;
- (8) \$346,321.05 goes chiefly to the Water, Light and Power Fund.

From this amount of \$346,321.05 is to be deducted certain amounts as hereinafter stated for the benefit of the General Expense Fund. The total of these amounts thus deducted and assigned is \$23,870.10. Making this subtraction, there is left net in this fund the sum of \$322,450.95.

These eight apportionments, amounting to \$736,114.07 out of the city's gross revenues amounting to \$921,539.07 must be set apart before we can begin to consider the city's other urgent needs.

Making the proper subtraction, there is left the sum of \$185,425.00, and out of this balance of \$185,425.00 all of the remaining expenses of the city government, exclusive of the schools, must be paid.

Out of this balance of \$185,425.00 the expenses of the Mayor's Office, the Law Department, the Public Health, the Tax and Sanitary Department, the care of the Public Buildings and Grounds, other than the Parks and Cemetery, the Fire Department, the Police Department, the City Hospital, and all extraordinary (often unanticipated yet imperatively needed) expenses and all contingent expenses of every character and description must be paid, and out of this remaining balance for general expense purposes the deficit of the city remaining uncovered at the end of the year 1918 and amounting to \$15,456.10 must be paid. The thing simply cannot be done.

The appropriations recommended below are chiefly based upon estimates furnished me by the heads of the several departments of the city government.

I have been compelled by the lack of funds to decline many reasonable and some urgent requests which I should have otherwise been glad to allow.

You will perceive that the income from the Water, Light and Power Plant, amounting to \$346,321.05, is greater by the amount of \$55,882.84 than the total other income of the city derived from all sources, except, of course, the school tax and the interest and sinking fund taxes. As a consequence, a considerable proportion of the gross income of the Water, Light and Power Department should be appropriated to or held in reserve for other important municipal needs of the city outside of the Water, Light and Power Department.

Total Miscellaneous Expenses . . . . .	\$17,306.10

I respectfully call attention to the following facts:

There is not enough money available in the income of the City of Austin, Texas, for the year 1919 to pay the indispensable appropriations for the city for the year 1919 and take any important steps forward in the way of municipal progress. Intensified economy cannot largely be practiced except at great detriment to the public service. This city is growing in population and there is increasing demand upon the city for increased public service of one character or another, but the income of the city is actually diminishing rather than increasing, so that deficits under present conditions are inevitable.

The people of this city must sooner or later realize that to undertake to conduct the affairs of this city in an efficient manner they must have more income. Austin needs annually an income in the General Fund of at least \$50,000.00 more than it now has. More income calls for either an increase in the tax rate or an increase in assessed values. I prefer the method of an honest increase of assessed values. It is a more sensible method and a much fairer method towards all.

An itemized statement of the income of the city and an itemized statement of its expenditures for the year gone by will be compiled and printed within the next thirty days by the Superintendent of Receipts, Disbursements and Accounts. In this itemized statement, the tax payers of the city will see where their money comes from and how it is paid out. I urge the citizens of Austin, and especially the tax payers, to read this statement critically.

I attach hereto and make a part hereof a summary of the probable receipts of the city and of the probable expenditures by departments of the city for the year 1919, other than contingent and unforeseen expenses. These contingent expenses will always come, but nobody can foresee their character, urgency or amount.

Respectfully submitted,

(Signed) A. P. Wooldridge,

Mayor.

Austin, Texas, January 16, 1919.
